

GREATER GIVING EVENT SOFTWARE

Manage all event details and streamline your event.

Greater Giving Event Software will help take the worry out of your next event, by enabling you to manage all event details in a centralized location and streamline check-in and check-out.

"I can't imagine running an event without Greater Giving. From planning through execution everything was very easy and worry-free."

Simplify Your Event Management

From item procurement, to event night, to post-event reviews, Event Software will simplify your event management. It also allows you to track your supporters and fundraising revenue from year-to-year—so you can target your efforts to improve results over time.

Event Software Online enables you to manage all your event tasks in a centralized cloud-based location. It helps deliver a smooth volunteer and guest experience with an easy-to-use event and retail interface—Go Time with Storefront; and eliminates long check-out lines with email receipts. After the event, choose from a list of reports to track best-selling items, donations and fundraising results from year-to-year, so you can target efforts to improve on your success over time.

Event Software PC is a secondary option for running your live event if you don't have access to the internet. All the online data can be synchronized before and after your event.

With Greater Giving Event Software You Can:

- Manage your event details online
- Publish event website with catalog and sponsors
- Track procured items and create packages
- Create bid sheets, labels, catalogs, and certificates
- Train event volunteers quickly
- Sell merchandise and raffle tickets
- Email or print tax receipts
- View real time event stats and reports
- Save event project data for the next year
